MAINTENANCE DREDGING

OHIO RIVER, MILE 316.2-318.1

Notice is given that on or about 27 October 2004, Madison Coal and Supply Co., will begin dredging along the left descending bank of the Ohio River, mile 316.2-318.1, at various Marathon Ashland facilities.

The contractor's floating plant will consist of the M/V LUCEDALE, one barge mounted crane, and two material barges. Different line boats will be transporting barges to and from the disposal site and the M/V LUCEDALE will remain at the dredge site. M/V LUCEDALE will be monitoring marine channels 13 and 16. Work will be performed between the hours of 7:00 a.m. and 7:00 p.m., seven days a week. It is anticipated that this work will be completed on or about 10 November 2004. The disposal area will be in an approved upland area located at the O-KAN Harbor on the right descending bank of the Ohio River, mile 266.4

During non-working hours, the contractor's floating plant will be moored at the work site and lighted according to regulation.

Mariners are urged to transit at their slowest safe speed to minimize wake and to proceed with caution.

ARLIE D. BISHOP

Chief, Technical Support Branch
